

DESIGN DRIVEN CARBON CONSCIOUS

25.2.5 KITCHEN

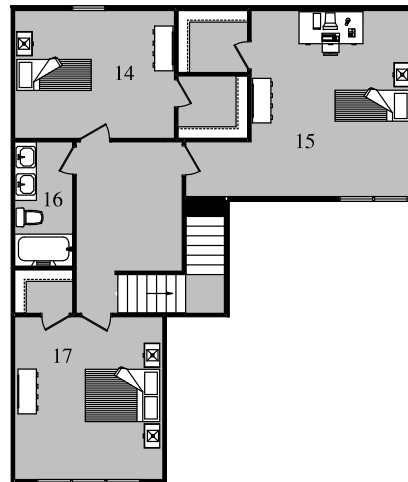

G 25.2.5 NXT

Open spaces for today's lifestyle define this home. The large living area features a wall of windows and flows into the dining area. In the open kitchen you will find the recycling center; with this additional feature, recycling couldn't be easier. A flex room can be used as an office or den. The owners retreat is spacious and private with a walk in closet. The private bath features a separate bath tub and shower along with double bowl vanities. Three additional bedrooms with walk in closets and a full bathroom complete the second floor.
